** BENEFITS

Commuter Benefit Plan (CBP) ****

CBP Plans are made possible by Section 132 of the Internal Revenue Code. If you participate in the plan you can have money deducted from your pay to use for work related bus and train expenses and work related parking expenses. By enrolling in the plan, you can pay for these benefits tax-free, meaning that you will not have to pay federal income taxes, social security (FICA) taxes and most state income taxes on these amounts. Because you pay less tax, your spend-able income increases. Staff is eligible to join the plan on the first of the month.

Dental Plan ****

Coverage begins on the first of the month coinciding with or next following the date of employment at no cost to staff. To be eligible staff must be participating in the health plan. We currently reimburse staff for 70% of the first $2,500 per calendar year ($1,750) for dental costs for the entire family. Effective January 1, 2018 the maximum coverage increased to 70% of the first $3,500 ($2,450). The additional $500 only applies to family participants.

Disability Insurance – Long Term **

Coverage begins on the first of the month following one year of service at no cost to staff. This policy takes effect after an eligible employee has been totally disabled for 90 days.

Flexible Spending Accounts **

Flexible Spending Accounts are made possible by Section 125 of the Internal Revenue Code. If you participate in the plan, you can have money deducted from your pay to use for certain group insurance premiums, eligible medical expenses not covered by insurance and eligible dependent care expenses. By enrolling in the plan, you can pay for
these benefits tax-free, meaning that you will not have to pay federal income taxes, social security (FICA) taxes and most state income taxes on these amounts. Because you pay less tax, your spend-able income increases. Staff is eligible to join the plan on the first of the month.

PAID TIME OFF

Paid Time Off (PTO) **

Paid time off (PTO) can be used for vacation, appointments, emergencies, or to conduct other personal business. For regular full-time staff PTO is accrued at the rate of 19 days per year for the first two years of employment and 24 days per year thereafter. For regular part-time staff scheduled to work 24 or more hours per week the amount is pro-rated. On December 31 each year up to a maximum of 20 days or 160 hours can be carried over to January 1 of the following year. The carryover policy does not apply to staff hired in California where 36 days or 288 hours is the maximum accumulation permitted at any one time.

Sick Leave *****

Regular full-time or regular part-time staff scheduled to work 24 or more hours per week do not earn sick time but receive full salary when sick. There is an exception for staff in California where we follow the San Francisco sick leave ordinance. After earned sick leave has been used up the above staff continue to receive full salary when sick. In situations where an employee becomes disabled resulting in a more lengthy absence the Society will pay sick leave for a maximum of 12 weeks. A maximum of 10 days per calendar year can be paid as sick leave to care for family members or other reasons described in the sick leave law or ordinance for either California, the District of Columbia, New York, Portland (Oregon), San Francisco or Seattle.
Part-time staff scheduled to work less than 24 hours per week, on-call and temporary staff in California, the District of Columbia, New York and Portland (Oregon) may earn a limited amount of sick time if they meet the eligibility requirements of the state sick leave law or local ordinance. This can also be used for family members or other reasons as described in the law or ordinance.

Holidays **

Regular full-time staff members are entitled to 11 paid holidays a year. Regular part-time staff scheduled to work 24 or more hours per week can claim the number of hours they would have worked when a holiday falls on their normal workday.

STAFF DEVELOPMENT

Global Staff Development Business Travel Fund **

The intent of the fund is to enable world staff to broaden their knowledge of the Society’s activities and build a more cohesive global organization by working at an Asia Society conference or another Asia Society location. Priority is given to staff with one or more years of service and whose job wouldn’t normally include business travel. Awards of up to $3,500 each are given to cover air and ground travel expenses, hotel and food.

Self-Development Program *

Between July 4 and Labor Day, regular full-time staff in New York, Washington D.C. and California can take Fridays as self-development days. During the rest of the year up to four hours of work time per month can also be taken. This is a unique program to allow staff more time to enhance their skill set so they can grow and contribute more to Asia Society. Examples include, but are not limited to taking an online course, visiting other museums to see how they conduct business, learning an Asian language or volunteering for a cause associated with our mission. As the New York location is open, staff in New York who work on Self Development Fridays can use the day for self-development activities at another time if they pre-clear the hours they intend to use with their manager. Working with your manager, days and hours may also be aggregated.

Reimbursement for Self-Development Activities **

The Society provides reimbursement up to a maximum of $2,000 per Fiscal Year for individual requests and $3,000 for group requests covering costs for self-development activities including tuition, coaching, conferences, seminars, workshops and team building to encourage employees to enhance their professional effectiveness by strengthening their skills, knowledge and competencies applicable to their self-development as well as to the overall mission of the Society. All regular full-time staff and part-time staff working a schedule of 24 or more hours per week are eligible to apply.
