## **Module 8: Enhancing Instruction with Global Collaborative Projects**

# **Activity Guide**

Funded through the generous support of

After completing Module 8, please complete these activities:

1. Read the *Education Week* article, "[How to Encourage and Model Global Citizenship in the Classroom](#)," to learn about the Global Citizenship Construct and consider implications for your connected classroom.
2. Read the *Education Week* article, "[Building Partnerships Outside the Classroom That Work](#)," and consider implications for your connected classroom.
3. Review the [options](#) for connecting classrooms and prioritize the top three that will work for your classroom.
4. As an optional next step, considering purchasing and reading "The Global Education Guidebook" by Jennifer D. Klein and "The Global Educator: Leveraging Technology for Collaborative Learning and Teaching" by Julie Lindsay.
5. Be sure to check the Asia Society Global CTE [Toolkit](#) for free tools and resources.

When you have completed these activities, you will be ready to complete your own globally connected project!
